Hi
Let me apologize in advance I just lost it on your voicemail!!! Sorry I just got home from being away for a week.... there is in encampment that has taken over the side of the street, and another encampment on the side of the freeway. I will send you photos. It's out of control. They have tapped into our lamp post and running a wire into their encampment using our electricity.
Sorry for complaining, I am completely frustrated and mad!!
Thank you for your attention, Privacy

Hi James:

Do you know BSL handles electricity diversion from public lamp posts? Would you be able to help mitigate this? I am copying our Senior Lead Officer for the area, Ryan Nguyen, to provide any added assistance.

Best,
George

Hi George,

Power theft is another common issue we are facing next to wire theft. We will look into it and get back to you.

Hello George,

The crews restored service to this light and welded the base door as well. Hope it helps.

Hi George

I owe you a phone call, sorry I have been nonstop at work, due to holidays and I was gone last week. I am really sorry I went crazy on the phone, being away and then coming home to the overwhelming presence of junk, trash, people, and everything that goes along with the homeless, I snapped!!!!

I saw the crew working on the light, and the city came and cleaned up, but as you know 30 mins later, they set up again. I want to thank you for your response and I know you sent everyone one out, and I am so grateful for you. Your attention is greatly appreciated.

This homeless problem is out on control and nothing seems to change... but you give me hope and it means so much that I feel someone listens, understands and is on our side!

Happy holidays, healthy new year. Thank you for all your help!!

My best, and gratitude, Privacy Privacy
